

3M Food Safety Products Ordering | Neogen Transition

A New Way of Ordering 3M Food Safety Products for U.S. & Canada Customers

As of January–March 2024, 3M Food Safety products have transitioned to the Neogen brand. You will now see new part numbers on the packaging of these legacy 3M products. Rest assured, the quality and reliability of the products remain unchanged.

Certificates of Analysis (CoA) and Conformance (CoC)

All products come with their Certificates of Analysis (CoA) and Conformance (CoC), ensuring you receive the same trusted quality. To assist with the transition, use our SKU Transition Tool to search by old SKU, new SKU, 3M catalog number, or description keyword.

For our customers in Canada and the United States, this transition ensures continued access to the same reliable products now under the Neogen brand.
